## **Putnam City High School 2020-21 Season Preview**

**The 2020-21 Pirates are looking forward to the upcoming season and plan to bounce back from an average season the year before. The team is returning one starter but has a very talented group of young players who will make an impact for the next few years. The team will rely on its length, speed, and toughness to have an aggressive defensive and offensive mindset, playing the game from baseline to baseline on both ends. Players to keep an eye out for is returning sophomore starter Zycque Stevenson, Preston Carr, Marcus Davis, David Hunt, juniors David Orvis, Jamaal Bullock, Dawnta Henderson, and Freshman Lindzell Stevenson, and Caden Dean. The Pirates are looking forward to the opportunity to grow as a family, team, and compete against the solid opponents that they will see.**
